Thanks Amber,

I am asking for a plan on how to implement these filters immediately.

If we cannot, then we need to figure out a way to immediately implement these filters, then we need to turn off OverDrive until we do have a plan and program implemented.

There has to be a means to filter these books and if turning it off until you have developed that plan is the only option, then we need to notify Commissioners Court we are suspending the OverDrive service until we have accomplished this task.

I am adding an agenda item for this coming Monday and am requesting you attend and present to the Commissioners Court what actions you have taken and what actions we are to expect in the immediate future.

Thank you,

Ron Cunningham

Judge, Commissioner Moss,

I know both of you were needing more information about Overdrive.

Yes, children can access books that are not age-appropriate. However, I have 2 options for parents. I have contacted our Overdrive representative and this is what he said...

As of now, there's not a way for users to identify and block individual titles from others. We do have two separate rooms that display only content age appropriate for kids, though, which are available both on the OverDrive site and the Libby app. These eReading Rooms filter out content that is not juvenile or young adult, and are "stickied" so that if a user visits them, they will be redirected to that site in the future.

Here's links to both rooms:

<https://ctdl.overdrive.com/library/kids>
<https://ctdl.overdrive.com/library/teens>

Parents can access these links for Overdrive and it will send them straight to age-appropriate material. Once logged in and you try to look at something else it will redirect you to the kids or teens page again.

You can also go to the Llano County website
Click on County Library
Click on the library website
Click on Online info
then click on Overdrive login

At the top, you will see...
subjects, Collections, Kindle books, kids, teens
you can click on kids or teens and it will only show you titles in that section.

Over to the right, you see My Account, you can log in with your library card number and the telephone number we have on file (without any dashes). then you can add FILTERS to what you can see. If you click on juvenile you can only see books in that section.

I have been trying to play around with it and see how it works. So far it is a good resource for parents. Suzette from Kingsland was also telling me that you can set up filters on a kindle as well. I have not tried mine as of yet.

I don't have numbers just yet but I think taking away Overdrive will be a disservice to most of our patrons. We have a lot of elderly patrons who only use overdrive and our travelers do as well. I hope these options will be a comfort to parents that there is something that can help.

I will keep looking into options for Overdrive. I would be more than happy to do a show and tell of how to set up the filters on Overdrive at Commissioners court.

Amber,

Please advise if you have developed any further information regarding Llano County's OverDrive account.

Although we may not have ordered any books since 2017, can children access books which are not age appropriate?

If so, can we turn on filters to prevent this?

If not, what options do we have and any options do we have to prevent children accessing inappropriate material?

If we pull our account from OverDrive, what options do we have for other means of on line resources?

Thanks,

Ron Cunningham

August 14, 2006

Displays/Exhibits

Bulletin boards maybe placed in the library to announce meetings, etc. of public interest. No notice may be placed on the bulletin board that expresses personal viewpoints or is offensive to others.

Display space is available in the library's exhibit case for educational, artistic, and cultural materials that promote interest in the use of books, library materials, and information, or that share information about local art and cultural groups. Preference will be given to exhibits that are timely and of general interest. Displays that focus on a public issue (including elections and political issues) must include information about major aspects of differing points of view. Displays that are solely commercial in focus are not appropriate.

Groups or individuals desiring to use the exhibit case should submit a request to the librarian at least one month in advance. Generally, the same group or individual may display items one time per year.

The librarian may reject any exhibit or display that does not fit with the mission of the library or that is not neat and presented attractively. Labels for exhibit items must be neat and legible. Display of items in the library does not indicate endorsement of the issues, events, or services promoted by those materials.

The library will take reasonable care to ensure the safety and security of items displayed; however, the library has no insurance to cover exhibit items and assumes no responsibility in the event of loss, theft, or damage. Exhibitors are encouraged to insure items of value and will be asked to sign a form that releases the library from responsibility for loss, damage, or destruction. Items displayed may not include price tags or other information regarding the purchase of items. Items must be removed from the exhibit case as scheduled by the librarian, or they will be removed and stored for thirty days by library staff. After thirty days, they will be disposed of in accordance with local law.

August 14, 2006

Establishment of a New or the Expansion of Existing Libraries

Within the province of the Llano County Library System, new libraries may be established, existing libraries expanded or services in existing libraries expanded at the direction of the Director of the Library System in consultation with Commissioners Court.

Using the American Library Association output measure procedure, the Director will identify needs of the library according to the roles assigned to that library. These will be presented to the Governing Body for consultation and approval.

The same policy shall apply to the discontinuance or curtailment of library services of any library in the County System.

Genealogy Collection and Maintenance Policy

Genealogy, a unique collection for the Llano County Library System, will be built and maintained as a research collection. The primary purpose of this department is a collection specific to the area of Llano County and as funds allows contiguous counties. The branch libraries may have sections (not departments) set aside for basic genealogy reference to supplement the genealogy department and to assist genealogy in the areas of Llano County Branch Libraries.

1. Only duplicate materials are allowed to check out. All other material is reserved. Some genealogy material (which fits the selection policy for the archives) may be duplicated and marked permanent collection for the Archives Collection.
2. The materials collected for the genealogy department and branch sections will be collected through donation monies, memorials or gifts. The Library System reserves the right to refer or reject materials of questionable value to the collection. Availability of space will be of major concern in determining which will be accepted. Materials for this collection must meet the same selection criteria as other collection development materials.
3. Materials suitable for collection include the following formats: County records, census records, immigration and passenger lists, military records, and pertinent state and federal records. These records may be in the format of oral histories, clippings, manuscripts, maps and measured drawings.
4. Due to the lack of space the following materials will not be included:
 - Display cases, collections, memorabilia and ephemera (unless of an especially relevant and unusual nature) will not be collected.
 - Individual family histories generally will not be purchased. Gifts of family histories will be accepted as space and need allow.
 - Highly technical works on Heraldry, unless they contain large numbers of names, will be excluded.
 - Materials in familiar foreign languages may be acquired if they are of particular significance and value to the collection.
 - Histories of specific, small geographic areas (i.e. Buck's County, Pennsylvania) will not be emphasized.
5. Suitable materials that have historical, geographical, or cultural relevance to the County of Llano are recommended. However, due to the large number of retired patrons from other areas of the United States living in our branch locations, other materials will be considered for these locations. Space limitations will be of primary concern in adding to these sections.

August 14, 2006

6. Only basic genealogy information should be duplicated in the Main Library and Branches (i.e. How to Get Started, etc.). All material in the genealogy department and sections will reside in the collection for which it was selected.
7. Census films that are available for rental and duplicate material available from the state can be ordered at the Main Library and the Kingsland Branch. Interlibrary loans between the Main Library and the branches are not permissible.
8. The Llano County Library System welcomes and encourages research of all kinds while at the same time acknowledging the limitations of the collection, budget constraints, staff time and the availability of a much more comprehensive collection in Austin.
9. The degree to which help will be available to the genealogical patron is discussed in the following paragraph:

It should be recognized that the library staff cannot do a patron's genealogy research for him. Should a patron be totally inexperienced in the methods of research involved, the public library can fulfill its responsibility by providing him with the names of professional and amateur genealogists in his area who might be willing to help.

Because of the content and cost of many items in the area, the collection will be restricted to the non-circulating collections of reference/genealogy.

August 14, 2006

Gifts and Memorial Policy

The Llano County Library System accepts gifts of money and materials with the understanding that the library may do with them as it sees fit. They become the sole property of the library. Gifts of materials may be added to the library collection. They will be subject to the same principles and standards of selection as are applied to all materials added to the library's collection.

All materials in the library's collection will be displayed, circulated, or made available for use in a manner consistent with its facilities, good library practice, and the needs of the public.

It is to be understood that the Llano County Library System is to have full authority as to when, where, and how any gifts of materials are displayed or used.

The library will attempt to comply with the wishes of the donor, but it reserves the rights, as conditions change, to assign any of its materials wherever the need is greatest.

All gifts of materials must be in a usable physical condition. The Library will not accept materials that are not outright gifts.

A library that is used extensively by its public sustains losses through theft, mutilation, and ordinary wear. The Library cannot guarantee that any gift will be a permanent part of the collection.

Because of limitations of space, budget, and staff, the Library reserves the right to discard, at its discretion, any unsolicited materials sent to the Library or its branches.

The Library encourages and welcomes cash gifts, endowment funds and bequests for purchasing books (in general or specified areas), other library materials and equipment, for improving the library facilities, or for the benefit of the library staff. This money may be used for memorial purposes.

It is the Llano County Library System policy to publicly acknowledge memorial donations; however, all other information, (amount, etc.) unless otherwise specified by the donor, will be kept confidential.

August 14, 2006

Interlibrary Loan

The Llano County Library System offers interlibrary loan as one of its standard services. In order to satisfy the needs and interests of local residents, the library staff will attempt to borrow specifically-named materials not available in this library from other institutions around the state, the nation, and the world. Interlibrary loans for unspecified materials on specifically-named subjects also will be submitted.

The staff will place interlibrary loan requests for any user, with an established library card, in good standing, including both adults and children. This service is extended to all patrons, regardless of their towns of residence. The library will not extend interlibrary loan services to any patron with outstanding overdue fines, lost or damaged item charges, or other infractions on his/her borrower record.

Some materials may not be available such as high demand items, bestsellers, and items with a publication date of less than six (6) months or feature movies.

A patron may not have more than three (3) active ILL requests at one time.

Interlibrary loan materials obtained by the Llano County Library System are here on a time-limited basis; therefore, the patron's cooperation in picking up materials promptly is requested. Interlibrary loan materials not picked up within five (5) days after patron notification may be returned to the lending institution and a mailing fee will be charged to the patron's account.

The length of time an interlibrary loan item is loaned to this library is determined by the lending institution. Loan periods can vary greatly. Patrons are warned that some interlibrary loan materials will not be renewable. Renewals of items beyond the loan period specified by the lending institution must be approved in advance by that lending institution.

Titles frequently requested for interlibrary loan are considered for purchase and addition to the library's permanent collections.

Materials Selection Policy

Purpose of Policy

- To guide the Director/Head Librarian in the selection of materials.
- To inform the public about the principles upon which selections are made.

Definition of Media Selection

- “Selection” refers to the decision that must be made either to add materials to the collection or retain materials already in the collection. The “de-selection” of materials will be based on information supplied in the *Crew Manual*.

Goals of Media Selection

- To maintain a well-balanced and broad collection of materials for information, reference, research, and enjoyment.
- To support the democratic process by providing materials for the education and enlightenment of the community.

Responsibility for Selection

- The ultimate responsibility for media selection rests with the Director/Head Librarian of the Library, who operates within the framework of policies determined by the Commissioners Court. The general public and staff members may recommend materials for consideration.

General Principles

- Selection is based on the merits of a work in relation to the needs, interest and demands of the Llano County Library System. Basic to this policy is the Library Bill of Rights, as adopted by the American Library Association. This states in part, “In no case should any book be excluded because of race or nationality or the political or religious views of the writer. There should be the fullest practicable provision of material presenting all points of view concerning the problem and issues of our times...international, national and local; and media or other reading material of sound factual authority should not be proscribed or removed from the library shelves because of partisan or doctrinal disapproval”. The Library does not promulgate particular beliefs or views, nor is the selection of any given media equivalent to endorsement of the viewpoint of the author expressed therein.
- Responsibility for the reading of children rests with their parents or legal guardians. Selection should not be inhibited by the possibility that media may inadvertently come into possession of children.
- Materials with an emphasis on sex, or containing profane language should not be automatically rejected. Selection should be made on the basis of whether the media presents life in its true proportions, whether characters and situations are realistically presented, and whether the media has literary value.

- Based on the services it is expected to perform, it is the responsibility of the Library to provide circulation reference, and research material for the general public and the student. Special collections in depth (business, technology, local history, etc.) shall also be maintained when indicated by accepted Library procedures and budget restraints.

Specific Principles for Selection

The following principles will condition selection:

- Contemporary significance or permanent value.
- Accuracy
- Authority of author
- Relation of work to existing collection
- Price, format and ease of use
- Scarcity of information in subject area
- Availability of material elsewhere in community... holdings of other libraries within the community is considered in developing the Library's collection.
- Popular demand... The Library should make available materials for enlightenment and recreation even if not enduring in value, interest or accuracy. A representative sampling of experimental or short-lived materials may be purchased.

Textbooks

- Providing textbooks and curriculum material is generally held to be the responsibility of the schools. Textbooks should be purchased for the collection when they supply information in areas that may be the best, or the only source of information on the subject.

Non-book Materials

- Purchase of non-book materials should be governed by the same principles and criteria applied to book purchase.

Gifts

- Selection of gifts should be governed by the same principles and criteria applied to the selection of an item for purchase. No conditions may be imposed relating to any gift after its acceptance by the Library

Requests for removal of materials

- The patron's choice of library materials for personal use will be an individual matter.
- Responsibility for the use of materials by children and adolescents shall rest with their parents or legal guardians. While a person may reject materials for himself or herself and for his or her children, he or she shall not exercise censorship to restrict access to the materials by others.

Llano ♦ Kingsland ♦ Lakeshore

Meeting Room Policy

This policy establishes guidelines and procedures for the use of Llano County Library System meeting rooms. Each of the libraries in the System make a meeting room available for general informational, educational, cultural, and civic needs of the community. Procedure for use of meeting room space may vary at each Library, and is stated in the Meeting Room Agreement. The meeting rooms are available during Library hours, as well as evenings and weekends when the Library is closed.

Rules for Use

General

The library's meeting rooms are primarily for use by the library for programs and other activities held under its sponsorship. Therefore, Library and/or County needs may preempt any other scheduled use of the meeting rooms. Meetings that interfere with Library use are not permitted.

Usage of the Library's phone number as a contact number will not be permitted. The Library will not serve as an information source for persons who may have questions regarding the meeting/event. Adequate information must be provided on the Library's Meeting Room calendar to satisfy any questions, including, but not limited to, a contact phone number and/or email address.

All activities taking place in Library Meeting Rooms must be open to the public.

Public kitchen facilities vary by Library and will mandate types of refreshments/meals able to be served (see individual Library procedures).

All groups using the Meeting Room agree to hold Llano County Library System and the County of Llano harmless from all liability, including injuries, accidents, loss or

damage to personal equipment, and/or any expenses that arise during or may be caused by use of the facility.

Notices of cancellations should be made as soon as possible by the person making the original reservation. A full refund of reservation fee will be made for cancellations made 48 hours in advance of scheduled meeting/event. Failure to cancel at least 48 hours in advance will result in forfeiture of all fees. Refunds only apply to single use reservations.

If a group fails to appear for two consecutive meetings without making a cancellation, all future reservations of the group are cancelled until the group reschedules. To resume a meeting schedule, a new meeting room agreement must be completed and appropriate fee paid.

A reservation, though previously confirmed, may be cancelled by the Library due to booking the room for a Library event or meeting, County of Llano needs, and for voting and elections.

Overdue, Damaged, and Lost Materials Policy

Public library services are based on the principle that library patrons assume certain responsibilities to cooperate in providing a community resource. One of these responsibilities is to return borrowed materials promptly so that the materials will be available to others. To facilitate the timely return of materials, the library has established loan periods based upon a judgment of reasonable time period needed by the average patron to utilize the material and upon the demand for the material.

To encourage the prompt return of material, the library has established a fine as a penalty and as a reminder to those patrons who fail to return materials by the due date. When materials are not returned promptly, this penalizes other patrons who may wish to have access to these materials within a reasonable time and causes the library to incur additional expenses.

Any patron who borrows materials from the Llano County Library System is responsible for returning them in a timely manner and in good condition. Patrons will make restitution for materials damaged while in their possession. A fee for damages or replacement plus processing will be assessed and must be paid before any other materials are checked out.

When a patron reports the borrowed material lost or fails to return it, the patron will make restitution to the Library by paying for the materials plus a processing fee. The restitution and fee must be paid before any materials are checked out.

Patrons with fines, lost books or damaged materials may not check out materials until their card is in good standing.

Llano County Library System will pursue the return of items through the court system when items are not returned within 6 months of the due date and if all other collection attempts have failed.

Patron Registration Policy

The Llano County Library System serves all residents of the County of Llano.

The Library issues the first library card free of charge to all citizens.

- Adults may obtain a library card after filling out an application and showing identification.
- Children under 18 years may apply for a library card with the signature of their parents or guardians and the showing of identification from the parents or Guardians. The parent's card (if they have one) must be in good standing for the child to obtain a card.

Lost cards may be replaced for a fee that increases with each replacement.

Likewise, Librarians must not interpret specific dictionary definitions or make recommendations to patron for the purchase of a specific encyclopedia or products listed in consumer report buying guides.

- Librarians will provide information in the form of short answers to specific questions and guidance in locating material for patrons who appear in person, call on the telephone, or request information through correspondence.

Jerry Don, here are the highlights of the meeting. Following the minutes, I am going to tell you about some items that came up.
Rochelle

Gay Baskin elected to President
Bonnie Wallace to V.P.
Rochelle Wells to Secretary

Asked to edit handouts - applications, updates, new policies, enhance policies

Amber had new policies regarding volunteers that we will need to review

By-Laws: Article 2 needs updating (representation of committee members)

Amber was present as a non-voting member of the board; It was asked that she not be present at all meeting and just on an as-needed basis. We need to run this by the judge.

Committees Minutes must as be emailed to Amber.

Discussion on OverDrive and more info to follow at Commissioner's Meeting on Monday 1/24.

Amber was told she was not to discuss the solution to the OverDrive issue before Commissioner's Court on Monday.

Agreed to meet 1/24 for next meeting at Kingsland Library.

Agreed to meet every other Thursday with place of meeting rotating between Kingsland and Llano library locations. Gay will create a calendar/spreadsheet for meeting dates.

Bonnie will check on setting up Zoom for members who cannot physically make the meeting, for reasons such as Covid, etc.

The judge is checking with legal to see if Library Board meetings are open or closed meetings, but not positive on this.

OverDrive discussion:

We will be hearing the decision concerning OverDrive during Commissioners Court on Monday.

\$6300/yr book budget, not including memorials or donations.

You can purchase audio books via OverDrive. Llano County Libraries have not purchased any books.

Books purchase on OverDrive are temporary purchases.

5 yrs is the average life of physical books (in contrast to temporary books purchased through OverDrive).

Amber was asked to furnish details about the unique users for both OverDrive and physical books.

Board members will email Gay committee ideas for next meeting.

Going to use Roberts Rules in meetings going forward.

Onto the stuff not in the meeting notes:

We discovered that the National Coalition Against Censorship wrote a letter to all the commissioners. It was asked of Amber how NCAC got the specific information as to which books were removed. She denied giving them this information and said Tina hadn't either. It was asked then how they had access this information. She said she did not know. And then said she gave a friend the other book that she did not throw away (*In the Night Kitchen*). (By the way, some of us saw the photos from the other book - they were disgusting, so thank you for making her remove *It's Perfectly Normal*!)

We spoke about utilizing the Houston Public Library's OverDrive system. Someone asked why this option wasn't brought up in the Commissioner's Court. Amber said she had told patrons they could use this system, but then was told by a commissioner that she could not tell them this and so stopped. A few of us thought that using Houston Public Library's OverDrive should satisfy the ADA, as well as adults with disabilities in Llano.

On this same note, someone reminded her that she said in Commissioner's Court that no books were removed. She said she meant that no books were removed in December. (Chris Jones and another patron told me of several books placed into the book sale section of the library that had been inappropriate books.

Is there a reason why she would not be forthcoming with this information?).

We asked many questions concerning OverDrive, and all her answers pointed toward its reinstatement. I asked if minor Llano library patrons could be permanently kept from accessing ebooks in the state of Texas. She said yes. Some of us feel that it would save the county \$3,000/yr if we got rid of OverDrive altogether and while also giving older Llano library patrons access to many more books and even audio books.

There were three or four patrons present and taking notes. That surprised a few of us. Would you be able to persuade Judge Cunningham to keep the meetings closed and only include appointed board members, bringing in Amber when we need clarification, etc. (Cheryll Mabray (Precinct 1) brought this up and most agreed with her.)

Also would you also be available for future meetings with your appointees?

Subject: "Butt Books" 2021.10.4

Commissioner Moss,

I wanted to give you dates and a little more info so you are prepared for your meeting.

I spoke with you on August 3rd and I removed the book, My Butt is so Noisy!, from the shelves and the system on August 5th, and once I Broke my Butt! was returned by Rochelle Wells I deleted it from the system on August 9th.

The book, I Need a New Butt, is the one that everyone had an issue with and it was never on the shelves.

If they bring up the "farting books" I had purchased 4 seasonal books, Larry the farting Leprechaun, Gary the goose and His Gas on the Loose, Freddie the Farting Snowman, and Harvey the heart has too many farts, were never on the shelves either. I purchased them at the same time as the butt books, but with everything that went on I never put them out on the shelves.

All of the books have been in my file cabinet in the office.

I hope this helps and good luck with the meeting,

Amber Milum

Subject: Outside Sign

Hey Suzette,

With everything going on with the people being angry at almost everything the libraries are doing. We all need to watch what we say. We need to keep positive and friendly as well as be cautious of what we are saying in the library when we think no one is around. You never know if someone is listening. (MAKE SURE THERE IS NO OVERSHARING!!)

I spoke with Commissioner Moss yesterday, he said that there are a few people who are trying to start in on Kingsland now too. He didn't say what they are saying but that to expect it to head that way as well. He said all these people are watching the libraries like a hawk and they are pouncing on anything they can.

I want you to make sure when you do the outside sign keep it watered down so no one will have an issue with it. With all the items labeled at Kingsland, I don't know what they will have to complain about. Rhonda is going door to door and building an army. Brent has also noticed people coming in and looking around and then leaving. Who knows, maybe they didn't find anything or maybe they are working with Rhonda to get some info. We don't know. That is how bad it is here. We are constantly looking over our shoulders.

I don't want this to come y'all's way so be on the lookout and cautious of what is going on around y'all or what is being said.

Also, we are putting a positive spin on all of our changes. We are not saying why we are doing it we are just pointing out the positives of the changes and how helpful they are to our patrons. Don't acknowledge the gossip. "kill them with kindness".

GOOD LUCK!!

I am in shock! I was not expecting the pictures. For the record, the book Gender Queer is NOT in any of the County Libraries. It is NOT in the system and to my knowledge never has been. I would never purchase a book like that for the libraries.

We are all working on getting books pulled. I will also work on the lists that she provided. Some of those are already in the Adult sections. We are not pulling any Adult fiction, Adult Non-Fiction, or YA, YA+ because all of that is in the Adult section. We are working on all children and junior books. I will be adding when the books were purchased and how many times they have been checked out to the spreadsheet for you.

Amber,

As we discussed in our meeting in my office at 9:45 AM on November 9, 2021 any and all books that depict any type of sexual activity or questionable nudity are to be pulled immediately.

I am also requesting that any of these books that are available online be pulled as well. Please advise Commissioner Moss and I when this task has been completed.

Thank you,

Subject: Pornographic Filth at the Llano Public Libraries

It came to my attention a few weeks ago that pornographic filth has been discovered at the Llano Library. It is also at Kingsland and the Buchanan Dam libraries. I have attached below just one sample of a "children's book" which is currently at our libraries.

About 20-30 concerned citizens attended the Llano County Commissioners Court on October 25th to voice our concerns. I also attended the Commissioners Court meeting on November 8th. I was surprised that 2 "Friends of the Llano Library" attended and talked about "racist and abusive local parents who refuse to let their children express their gender identity". Shocking that this exists right here, but alas ... it does.

I would like all community leaders, business owners, pastors and parents to become involved in this issue, which is the only way to resolve it. Currently, these books (I have attached a list of dozens which are currently at our libraries) are in the CHILDREN'S section of the library and can be checked out by our children and grandchildren. I am not advocating for any books to be censored but to be RELOCATED to the ADULT section where a child would need to get their parent's approval to check out. It is the only way that I can think of to prohibit future censorship of books I do agree with, mainly the Bible, if more radicals come to town and want to use the fact that we censored these books against us.

It is a fine line, and I'm open to other approaches. But mainly we all just need to know what is happening right here in our beloved Llano.

Open your eyes, folks. And share with friends and relatives who live in other locations as well so they can check their local libraries.

I'd like all the pastors to get involved in this. Perhaps they can organize a weekly prayer vigil for this specific issue. Also, everyone needs to share this on social media (I don't do any social media). Join the Friends of the Llano Library or Friends of the Kingsland Library. If you're already a member, get more involved in the book selections because this is atrocious.

May God protect our children from this FILTH.

I just wanted to give everyone an update on the status of the books in the library:

Commissioner Moss and Judge Cunningham have instructed Amber, the head librarian, to remove certain books, both physical books and ebooks (via the LIBBY app). There will also be no new books coming in until this is settled. If you go into the library you will see Amber and Tina (Children's librarian) are currently going through the Children's section, labeling books, and I am assuming also removing the books Commissioner Moss has told them to remove. Amber was told to get rid of Lawn Boy and Gender Queer (physical and ebook). Commissioner Moss, we are very grateful for your help in this situation and all you have done to begin to remedy it!

Chris Jones has combed through that 16-page list of CRT and LGBTQ book to see which we have in Llano County libraries. Now we have to research the content of the ones we have found and some that were not on the list that we found in the process. Thank you, Chris, for all that work! We will be sending a list of the ones that are found to be inappropriate, along with a summary, to Commissioner Moss.

Here is the article where the 16-page list was found: https://thetexan.news/austin-isd-refuses-to-report-racially-sexually-controversial-books-to-state-lawmakers/?utm_source=ActiveCampaign&utm_medium=email&utm_content=Texas+Medical+Association+Sues+Federal+Government+Over+Surprise+Billing+Rule&utm_campaign=Daily+Roundup+-+RSS+Campaign

Is anyone interested in going thru the 16 pages of books list in article 2 and checking to see if we have any if those books in our library? If w have a handful of people willing to do it, we could take a couple of pages each and make the job go quicker? Looking each title up online through the library catalog would go quicker with help.

Good morning,

I wanted to let you know before it came up in any of your meetings the Kingsland library does have the book.

The book is still in the system but it is behind the front desk. If anyone wants to check it out they have to ask a librarian. It is no longer on the shelf.

Have a good day,
Amber

Thanks for the update.

I'm very happy that my grant was approved.

Of course I'll need information / procedures on what constitutes "inappropriate" and on the labeling.

I actually don't see it as good news that we have to close. I think we could easily get it done here without being closed, and it will be an inconvenience for all of our patrons and a hardship for some, especially on such short notice. And I expect people are going to be very upset about Overdrive disappearing right before the holidays. I envy Llano and Kingsland next week having separation from patrons at the door!

Will you be sending a poster / flyer or wording to use when announcing the closure and the Overdrive change? I want to get the word out right away, yet I know there will still be many who don't get the message.

Thank you,

Hi Melissa,

Good news your agenda items was approved. You may apply.

Bad news CC has approved to suspend Overdrive. I will be looking into different options. It will be suspended in a few days.

Good news CC approved for all three libraries to be closed Dec 20, 21 & 22. Remember we "close" at 12:30 on the 22nd. We will all be labeling books and checking our shelves for "inappropriate" books...

The Library Advisory board was also approved. The Commissioners and Judge will be selecting who they would like to be on it. I believe whomever will be appointed on January 10th the first CC of the new year. They decided...

- 2 appointees for Precinct 1
- 3 appointees for Precinct 2
- 3 appointees for Precinct 3
- 4 appointees for Precinct 4
- 1 appointee for Judge

Overdrive Access control measures via Apollo member records

From: Chris Brailas <[REDACTED]>
Sent: Thu, Jan 13, 2022 at 3:46 pm
To: amilum@co.lano.tx.us

Overdrive as a resource for your library checks the status of Member accounts in your Apollo ILS to determine if a member should be allowed access. In short we've updated your Apollo ILS to now allow you to set age brackets as a filter when determining how we respond. This will let you block members belonging to specific age brackets from accessing certain resources.

More specifically how this works is that whenever a library member attempts to log into Overdrive, regardless of what interface they attempt login from, Overdrive captures their card number and password, and queries your Apollo account via 3M's SIP2 protocol. This query checks that the member exists, that the supplied password is correct, and that the account is in good standing. If an age bracket in Apollo is blocked from a particular resource now, Apollo will respond that member accounts with that bracket assigned are not valid when login is attempted. This will prevent access to Overdrive, or any other SIP2 connected resources for members assigned an age bracket marked as ineligible for the given resource in the Apollo ILS. If needed I'm happy to break down the full process of the SIP communication, how the block is communicated, and how the entire chain of communication is secured.

Let us know if we can be of any further assistance or answer questions for any interested parties.

Subject: Overdrive Access

Good morning,

I wanted to let you know: I have been in touch with Jim from Overdrive, and Chris, Emily, Heather, and Karl from Biblionix. We have found a solution to our Overdrive issue. The Judge requested the solution should include:

- An option for parents or guardians who wish to apply the OverDrive filters to their child's card that would prevent the child from accessing material on OverDrive that they as the parent or guardian deem inappropriate. If a parent or guardian chooses to install these filters, OverDrive should provide a means to ensure the child cannot alter these filters without the parent or guardian's consent.
- An option for parents or guardians who wish their child to not have access to OverDrive at all.

The first option will not be acceptable because Jim from Overdrive confirmed the flaw with the filters, he said "Any user can go to their account settings and change the filters to display different content within OverDrive. We don't have a way to block specific content from showing for specific users."

I recommend we allow Adults access to Overdrive and all Juveniles will be blocked from accessing Overdrive since the filters can be changed without parent consent. Juveniles will still have access to library materials.

I have already changed the settings in our system to block children and teens from accessing Overdrive. I asked Biblionix if this block will allow access if juveniles try to login with the Overdrive app and Emily from Biblionix said, "These blocks are effective regardless of how the member accesses Overdrive."

I will also be able to set the bounds at which a member ages up from child to teen and teen to adult. Biblionix will check member birthdates at midnight every day and update accounts automatically. This means members are automatically granted access to Overdrive the day they turn 18 without needing to wait for the library to manually update their accounts.

I have attached an email letter from Chris at Biblionix explaining how the system will block juveniles from accessing Overdrive.

It is my hope I have provided a satisfactory resolution to this matter and would like to apologize that it has taken this long to do so. Please let me know if you would like to discuss this further. I have already spoken to the Judge about this.

Sincerely,

Hi Jim,

Our Commissioner's Court has decided to suspend our Overdrive subscription at this time. We have a group of concerned patrons worried about the book Gender Queer being seen by children. I have tried to tell everyone how to use filters and the links for kids and teens, but they don't think it's enough.

Please suspend Overdrive for the Llano County Library System.

Hi Amber,

Thanks for getting in touch. As of now, the library has not yet paid the annual invoice provided in October for this coming year. Access can be suspended within a few business days, but I'd need to investigate more on my end with various teams.

Are you able to provide more context into the decision here and why this is a possibility? Is the potential suspension because of one book in the collection or several? I'd be happy to provide more info for you, but if you can provide more about the meeting it would be appreciated.

Thanks,
Jim

Hi Jim,

It's me again. I have been trying to get information out about individuals being able to set up filters on their own devices. There has been an outrage over a particular book on Overdrive in my community. I will be attending a Commissioner's Court meeting next week and they will be discussing a suspension of Overdrive. I am hoping it will not come to that but I would like to have all the information if needed.

My questions are:

If it's approved to suspend our Overdrive subscription how soon can we turn off access?

Has the Llano County Library System even paid its subscription for this year?

I would appreciate any other information you feel would be important.

Thank you again for all your help,

Please, tell Mike, we are doing our best to get him paid. If he needs us to send the books back we will, and they will have to send them back in a month or two. I do not have a PO for this invoice yet either.

I know how frustrating this is. I am getting it from all sides.

Amber,

Attached are my standing order titles for January through March to send to the board. They are all Westerns and Christian Romance.

The first two books in the spreadsheet are the ones that I've had sitting here in an unopened box for a couple of months.

I prefer to purchase these with money from my County Books account.

I'm working on a list from Ingram. Will you need movie titles too?

I just saw our job posting on the County website – I didn't know it was up. I guess I can assume they are not allowing Linda the extra hour-and-a-half?

I believe the only other online ebook source is Project Gutenberg which is a free service offered through our catalog. Project Gutenberg are books that their copyright has expired. It is full of classics, and books in foreign languages. The books can be scanned and downloaded from the internet.

I have never used it.

I agree Overdrive should be turned back on for our Adult users. I will work on updating our new card form adding Overdrive checklist.

Amber,

Can you please inquire as to what other online eBook options are available for Llano County?

I understand Bibliotheca is an option, but from what I can see that service also has OverDrive inventory...

At any rate, I think we will probably need to turn OverDrive back on for adults in our ComCourt on January 10. We may need to reactivate this for children, but if we do, we need to have a new application for youth with includes:

1. A check box beside the current youth library card policy parents must initial stating they have reviewed the policy
2. A check box beside an acknowledgement that the Llano Library Card can enable the card holder access to OverDrive and the Central Texas Consortium

3. A check box beside the OverDrive details on how to apply filters to OverDrive
4. A check box verifying parents or guardians are responsible for applying the filters
5. A check box verifying parents can review all books checked out by their children
6. Any other things you or Dwain can think of.

During a March 3 meeting, members of the Llano County Library Advisory Board voted to close its meetings to the public after listening to a discussion on the Texas Open Meetings Act given by a member of the county's legal department. The Llano County Library Advisory Board voted to hold future meetings in private during its Thursday, March 3, meeting. The decision followed a presentation from Matthew Rienstra, assistant attorney to the county, on the Texas Open Meetings Act and Public Information Act.

First adopted by the state in 1967, the [Texas Open Meetings Act](https://www.texasattorneygeneral.gov/sites/default/files/files/divisions/open-government/openmeetings_hb.pdf) (https://www.texasattorneygeneral.gov/sites/default/files/files/divisions/open-government/openmeetings_hb.pdf) establishes rules of conduct for governmental bodies to ensure a certain level of transparency while also allowing members of the public an opportunity to hold elected officials and appointees accountable. The act requires these entities host meetings publicly as well as post meeting agendas in a place accessible to the public beforehand.

Types of groups, boards, and committees falling under the term “governmental body” are outlined in Section 552.003 of the act (<https://statutes.capitol.texas.gov/docs/GV/htm/GV.552.htm>) and include county commissioners courts, school boards, and city councils.

Because the Library Advisory Board does not meet criteria listed in the act and all recommendations made must be approved by the Llano County Commissioners Court in order to be enacted, public meetings are not required, Rienstra explained.

“(The act) does not apply to you,” he told the board. “You’re not passing rules or exercising any authority.”

The public was allowed to attend previous meetings, except for those held by the board’s five subcommittees. Residents attended each of the five publicly held meetings, addressing the board during a section set aside for public comments until the board stopped allowing comments at its Feb. 17 meeting (<https://www.dailytrib.com/2022/02/21/llano-county-library-board-considers-switching-online-reading-service/>).

The March 3 meeting is not the only time the board has discussed whether it should hold its meetings publicly. After the topic was brought up during a Jan. 24 meeting, board Vice-Chair Bonnie Wallace informed the group that, while the board was not subject to the Open Meetings Act, commissioners had encouraged meetings be held publicly “so that we can have transparency.”

However, Rienstra made it clear that board members could decide how they wanted to conduct meetings amongst themselves.

“If you’re not a governmental body, you do not have to post meetings (and) you do not have to have open meetings,” he explained. “If several of you want to walk around your neighborhood and say, ‘Hey, I’m on a special advisory board, what do you think?’ You can do that. If you want to have some kind of meeting where the public comes in and fires off their questions, you can do it. How you do it? That’s your business.”

Near the end of the meeting, board member Rhonda Schneider made a motion to make future meetings private. The board approved it unanimously.

In addition to discussing open meetings, Rienstra gave board members a briefing on the Public Information Act. According to the Texas Attorney General’s website (<https://www.texasattorneygeneral.gov/open-government/office-attorney-general-and-public-information-act>), the act provides legal guidelines “for the disclosure and protection of public information.”

Through the act, members of the public can request access to information such as legal documents and emails shared between government employees. However, it does not apply to communication between private citizens such as advisory board members.

"You are not subject to it for the same reason (as the Open Meetings Act)," Rienstra said during the meeting. "You are not a governmental body."

An exception, however, applies when communication includes a county employee, he continued.

"We're not trying to scare you off," Rienstra said. "We're trying to let you know that you do not have any obligation to send any of your information to us, but once you do, it becomes open records."

During the meeting, it was asked whether notes taken by Amber Milum, the director of the county's library system, would be considered public record.

Milum is the only library staff member to attend every one of the board's meetings in order to provide insight on library policies and day-to-day work.

"If (Milum) is taking notes of these meetings, that could become a public information document, yes," Rienstra confirmed.

"Take her pen," Wallace quipped.

The Llano County Library Advisory Board will hold its next meeting at 3 p.m. Thursday, March 24, at the Justice of the Peace Annex Meeting Hall, 8347 RR 1431 in Buchanan Dam. No one from the public will be allowed to attend.

This is censorship at it's worst. Law suits will inevitably follow as the Llano County Library System's policies and procedures are currently still in effect. Censorship and government appointed committees need and must be investigated.

Letters to the Editor

Dear Fellow Llano Citizens;

On the topic of our Library's OverDrive online services which the County Commissioners seem to have voted to discontinue, we need be aware how very much the disabled and/or senior citizens of our county rely on these services. Specifically many of Llano's citizens are physically challenged and/or isolated in some way. Many of us who use our Library use the online material almost exclusively. For us it really is too painful or physically challenging to do what's necessary to get to the library, check out actual books, and get them home -- for some even handling a book while reading is difficult. (We find there are wonderful stands that hold e-readers that download the books and magazines from the online service.) For us, it's not a good thing to have the online services shut down and us left dark for any length of time. The stories are an interesting distraction and provide some reason to make it through another day, as sad as that sounds.

If this boycott is "for the children," how many of the children using the library really are that unsupervised so as to be exposed to any dangerous materials? And will this action actually protect those few -- won't they be resourceful and get any material they want in some other way, using other methods? They can be very inventive when motivated, so this boycott maybe isn't really the "protection" it's being sold as. It is a gambit, a noise.

What this boycott will do is actually harm adults, especially the disabled or isolated ones, and it is a cruel disservice to people living in Llano County. It's cutting us off from what has been a free online service that is easily accessible from our homes. This decision shrinks our world and our lives, and makes many of us less -- even smaller than we are now.

Please ask the Commissioners to stop this. Please help restore this service that is vital to many of us, and is a boon to everyone in this county.

Harlem Wizards are coming to Llano

The Harlem Wizards, the most interactive, fun, community basketball event in the world is coming to **Llano, Texas.**

The world-famous Harlem Wizards will visit **Llano High School on Saturday, January 15, 2022** for an evening of great fun and fundraising. The Wizards will play a game against a team of **Llano ISD** teachers, youth leaders, and community members. The event is a fundraiser for **LHS Class of 2022 Project Graduation.**

The energy at a Wizards game is electric. The laughter is infectious. The dunks are rim-rattling, high-flying and awe-inspiring. The hoop artistry, ball-handling, tricks and teamwork are mesmerizing.

What really takes it to another level is the hometown participation from the kids on court experiences, to the teachers, youth leaders, and other community members who take on the Wizards as the "hometown heroes". Besides cheering for their teachers, the kids are involved all night long. They will all have a chance to get on the court!

Pre-game, any child or teen with a Wizards jersey can warm-up with the Wizards! Throughout the game audience members will be asked to volunteer in different

contests and acts. And the end of night final moments includes an invitation to all students to come onto the court for a dance celebration

with the Wizards.

The experience at a Wizards game is the community and the school coming together for a night of good,

Letters to the Editor

Dear Llano County Citizens:

This letter is in reference to the letter that Rose White wrote that was published in The Llano News last week. I am in total agreement with her and ask the Llano County Commissioners to reinstate this **OverDrive** online service at the Llano Public Library. As she stated this service is a great help for the elderly, people with physical conditions and I would like to add for those who live several miles out in the country and can not go into town to the library very often. If you live several miles out of town, you need to go on a day the library is open and at the time that it is open. Being able to download a book in your own home at any time on any day is also a great help. I have talked with other friends that I know that live in the country that feel the same way about this.

Also, by downloading your reading material onto whatever device you are using, you can make the print the size that helps you see what you are reading a lot easier.

This service was something that many citizens of Llano County enjoy and relied on for their reading material so it is requested of the Llano County Commissioners that this service be reinstated at the Llano Public Library. As Rose White requested & I am joining her in this request to give them a call and request that this service be reinstated for all these people who were depending on this service plus more in the future. I will be calling the Commissioner for my area & ask that everyone else who depended on this service call your Commissioner so we can get back this service that we all enjoyed.

Letter to the Editor

Dear Editor,
Open Letter to the County Commissioners:

I am here to speak about Overdrive and to reiterate how vitally important the e-services are to some of your constituents who are isolated, alone, infirm, on limited incomes... people you should know about and be caring for as part of your public duties....

When this started, you shut down the physical libraries for 3 days. For us you have closed our Library for 2 months. For 60 days we have been unsupported by our County with these remote services... And now you are no longer even considering taking action... Your agenda is blank on this subject... The local newspaper didn't even report it when you tabled your last agenda item...

Your concerns about minors accessing certain material in Overdrive and in the physical library have been dealt with. The Library's computer program has been reconfigured to divide cards holder by age. Physical books have been pulled from the shelves. You reopened the physical Library, and you were poised to give us access to Overdrive.

Then you were stopped, deciding instead to table action and to wait for recommendations from your new advisory board. To leave my group hanging....

You didn't similarly shut down the physical libraries while your board worked. But you did shut down any e-access to library materials while you waited. You may have mentioned the cost involved, BUT IT WAS PAULTRY, literally pennies

on the dollar compared to just the other items on the agenda that day.

After 2 subsequent meetings, it's become clear the Library advisory board:

- *wants to complete the entire review process of all policies, procedures, guidelines, budgets, etc, before they make any recommendations.

- *that process is expected to take another 4-6 months before they are ready to begin formulating any report.

- *they have evidenced they have little to no experience with any electronic access to the library

- *indeed, some Library board members have no prior experience with the local libraries at all - the County attorney had to coach the Board to all get library cards, so they have a lot of work to do to come up to speed on modern libraries.

- *that the Board intends to, and prefers to, work outside of public view with private subcommittee meetings, tele-conferences, emails, and closely held information not available to the public - with no open public forum.

And so, it is our request, as a significant part of your constituency, not merely 10-15, that you re-instate Overdrive for the year while your Board works.

This will be the last time I can attend a meeting. I simply can no longer endure the days it takes to recover from each meeting. I can't continue to endure nights of sleeplessness while I mentally berate the process involved in cutting so many off from their library. For my mental health, I must let go of this lack of consideration for others. I must go find something else to take the place of what has been taken from me.

Rose White
